

# Welcome

We would like to welcome you to the Winepress Restaurant at Donnington Valley Hotel.

We have put together a wine list with over 200 wines from around the world, some from the classic regions and few of the lesser known. We have a great range of styles of wine, so there is wine for everyone's palate.

If however, you need help in choosing that perfect bottle to go alongside the culinary creations of our kitchen team.

we would be more than happy to help with your selection.

When asked what is my favourite wine, my reply is "I don't have a favourite wine, it depends who I am with, how I am feeling and the time of year. I just like wine".

So please explore the list and have fun trying new wines.

## **So Enjoy**

Wine is to be Enjoyed

## // PETER MICHAEL WINES - VINS DU PATRON //

*In 1982 Sir Peter Michael established the Peter Michael Winery on a square mile of rocky volcanic ridges that form the western face of Mount St. Helena in Sonoma County. From the beginning, the wine growing philosophy was modelled on the French tradition infused with a few modern influences; One, the vineyard terroir would be the single most important feature. Two, the wines would be elegant rather than overstated. Three, there would be a hundred-year commitment to the development of a great estate.*

## // HOUSE CHAMPAGNE ~ TAITTINGER ~ THE WINES //

*The origins of Champagne Taittinger date back to the original house founded in 1734 by Jacques Fourneaux. However its links to the Taittinger family started in 1931 when it was purchased by the founder of today's company; Pierre Taittinger.*

*As a young cavalry officer in the 1st World War he spent much time in the Champagne area where he was stationed at Château de la Marquetterie in Pierry, near Epernay. The Chateau's name is thought to originate from the appearance of the vineyard as it resembled a huge XV111 century chessboard at the time of its naming with plantings of white Chardonnay grapes alongside black Pinot Grapes. Today it is planted to a more conventional layout but still produces top quality Chardonnay and Pinot Noir fruit.*

*He instantly fell in love with the property along with its fine vineyards and after the war in 1932, purchased it a year after he had bought the Fourneaux Company. Today it remains owned and managed by the Taittinger family and is headed up by Pierre Emmanuel Taittinger.*

*The Taittinger headquarters are in Reims, situated above magnificent 4th Century Roman cellars which at one time belonged to the Benedictine monks of the abbey of St Nicaise. Its miles of tunnels and cellars are perfect for the slow but necessary ageing process involved in making this great Champagne.*

*The hallmark of the Taittinger blend is the high percentage of Chardonnay it contains, this gives the wines ultimate elegance, delicacy and finesse. This can be anything from 40% in the Brut Reserve NV to 100% in the prestigious Comtes de Champagne Blanc de Blancs and we know through research that it is enjoyed by 'independently minded' people.*

*In the UK this has led us to develop partnerships with like minded associations: Aston Martin Racing, Aston Martin Owner's Club, BAFTA - the British Academy of Film and Television Arts, Conde Nast Johansens, Highclere Thoroughbred Racing but to name a few.*

*The grapes are the key natural element, which contribute to the character of Champagne. There are only three varieties grown in Champagne. The Pinot Noir is the more noble of the two black grapes and lends the wine bouquet, depth, full body and complexity; the Pinot Meunier the more prolific variety, adds roundness and acidity. The white variety is the Chardonnay grape, the most fragile and costly of the three; it lends elegance, finesse and delicacy to the wine, lightening the fuller, richer, characteristics of the black grapes*

*The excellence of the wines in Champagne is due largely to its soils. The deep chalky subsoils, covered by a layer of siliceous clay below Jurassic formation named after the village of Kimmeridge in Dorset.*

*By virtue of its climate, the Champagne vineyard is a difficult mistress. The most northern of France's vineyards, it enjoys not only less sunshine but a greater threat of frost. Here more than elsewhere the vineyard's aspect is important: the most favourable situation is roughly one third up the slope, out of the valley fogs but not at an unprotected height, and facing south west, to gain maximum hours of afternoon sun*

*Taittinger owns 288 hectares of vineyards in the best localities of Champagne. The most famous of these are the vineyards surrounding Château de la Marquetterie*

*This ensures a regular supply of approximately 50% of Taittinger's annual needs significantly more than other well known Champagne houses. The remaining 50% come from carefully selected growers, some of whose links go back four generations. As quality is of paramount importance, Taittinger only uses grapes from the finest vineyards in Champagne.*

*All the Chardonnay grapes used in the Comtes de Champagne Blanc de Blancs come from the 100% rated vineyards of Avize, Cramant, Chouilly and Les-Mesnil-Sur-Oger in the Côte des Blancs.*

*All the vineyards are managed under the careful eye of Vincent Collard Champagne Taittinger's vineyard manager.*

250	2017	Weingut Rabl, Grüner Veltliner	Kamptal	£37.00
-----	------	--------------------------------	---------	--------

## Spain

*A lot of people are surprised to see Spanish white wine, they only associate Spain with red Rioja. But believe me, Spain produces some fantastic white wines as well. If my memory serves me right, I think one of my first encounters with a white wine was with a white Rioja.*

## Chile

*Chile has been making wine for centuries and is the only country in the world to have not been affected by phylloxera. 303	2016 Urlar, Pinot Gris	Gladstone	£44.00

330	2017 Larry Cherubino, Ad Hoc, Hen & Chicken, Chardonnay	Pemberton	£38.00

514 2015 Olivier Ravier, Fleurie £35.00

## Rhone Valley

*The Rhône valley takes its name from the Rhône river which flows through this region. The main grapes varieties grown in the Rhône valley are Syrah in the north and Grenache in the south to produce its famous full bodied spicy rich wines.*

## California

Californian red wine conjours up in peoples mind Napa Valley, but California is far more than just Napa Valley with its full bodied wines, for example you have Sonoma with its cooler climate which produces some outstanding Pinot Noirs.

582	2016 Amala Springs, Cabernet Sauvignon	California	£26.00

605	2006 Norre Vin, Cabernet Sauvignon, Howell Moutain	Napa Valley	£140.00

## Italy

*As the same with the white Italian, the reds of Italy are produced all over Italy. So there is a wide range of styles from the lighter Sangiovese to the rich Brunello. The Italian wine industry seems to change on a regular basis, so if you can't keep up, don't worry you are not the only one! Just enjoy the wine and leave the rest to others.*

636	2001	Guidalberto, Tenuta San Guido		Tuscany	£84.00

## Croatia

*Believe it or not wine from Croatia has a long, long history. It was the Greek settlers who first introduced vineyards to the Croatian coast in the 5th century BC and wine production has flourished ever since.*

737	2016	Kozlović Vina, Teran		West Istria	£36.00
-----	------	----------------------	--	-------------	--------

## Greece

*A lot of people only associate Greece wine with Retsina. So I would like to show you with these wines that Greece is a lot more than just Retsina.*

708	2012	Gaia Wines, Gaia S, Agiorgitiko, Syrah		Nemea	£54.00
-----	------	--	--	-------	--------

## Macedonia

*The Republic of Macedonia remains one of Europe's last undiscovered wine countries. A natural paradise of vineyards, mountains, lakes and rivers, where life moves to a different rhythm, in historical ruins and idyllic villages that have remained practically unchanged for centuries. The Summers are long and hot and winters mild and rainy, with annual rainfall of 460mm. Although landlocked the republic has both continental and Mediterranean climatic influences.*

710	2018	Tikveš, Kratosija		Tikveš	£25.00
-----	------	-------------------	--	--------	--------

## South Africa

*As I said with the South African white wine, nearly all the quality wines are made in the Coastal and Breede River Valley wine regions and again the winery of Hamilton Russell being an exception. They make the red using all the classic grapes, but one which is associated mainly with South Africa is Pinotage. Usually I would be the first to say I don't like Pinotage, but the ones I have chosen are not typical, they have more soft fruit and don't have that burnt Pinotage character.*

651	2015 Swartland Winery, Bush Vine Pinotage	Swartland	£39.00
650	2017 Olifantsberg, Pinotage	Breedekloof	£39.00
654	2016 Thelema, Merlot	Stellenbosch	£50.00
652	2016 Groot Constantia, Shiraz	Constantia	£52.00
672	2015 Lismore, Syrah	Cape South Coast	£62.00
726	2009 Ken Forrester, The Gypsy, Grenache, Syrah	Stellenbosch	£67.00
738	2008 Iona, One Man Band	Elgin	£68.00
655	2016 Groot Constantia, Governors Reserve	Constantia	£80.00

## Australia

*When you think Australian red wine, most will think Shiraz. As you can see by our selection it does play a big part in the wine making, but by no means is the sole grape variety used. The red wines of Australia I have chosen are big, full of fruit but at the same time have a well balanced structure.*

657	2016 Lake Breeze, Bullant Shiraz	Langhorne Creek	£36.00
664	2014 Mac Forbes, Pinot Noir	Yarra Valley	£61.00
668	2002 Turkey Flat Vineyards, Shiraz	Barossa Valley	£60.00
667	2002 Charles Melton, Shiraz	Barossa Valley	£65.00
669	2012 Henschke, Keyneton Estate, Euphonium	Barossa Valley	£82.00

## New Zealand

*When you ask most people about New Zealand wine they would talk about just one grape variety, that being Sauvignon Blanc. It is true New Zealand is most recognised for this grape, it is not the only one they grow. Pinot Noir being one of the many others.*

671	2016 Saint Clair, Merlot	Hawkes Bay	£35.00
674	2016 Lake Chalice, Pinot Noir, 'The Nest'	Marlborough	£36.00
673	2017 Ular, Pinot Noir	Gladstone	£49.00

## Chile

*Chile has a long history of wine making using of all the classic grapes varieties. Until recently a lot of what they thought was Merlot was actually Carmenère, a scarcely planted variety of Bordeaux.*

*Chile as I said before has never been effected by phylloxera.*

680	2018	Tierra Antica, Cabernet Sauvignon	Limari Valley	£24.00
618	2018	Tierra Antica, Merlot	Limari Valley	£24.00
683	2017	Viña Edmara, Pinot Noir	Central Valley	£24.00
686	2017	Pérez Cruz, Carmenere	Maipo Alto	£42.00

## Argentina

*As you can see by our selection the classic grape varieties are grown, but I would say that the Malbec plays a big role in the wine production of Argentina. As with the whites, the vines are planted at a altitude to take advantage of the cooler temperatures.*

704	2017	Alto Molino, Malbec	Cafayate	£33.00
705	2008	Catena Alta, Estate Lots, Melbec	Mendoza	£60.00
707	2015	Corazon de Sol, Soleado, Bordeaux Blend	Uco Valley	£66.00
709	2015	Corazon de Sol, Luminoso, Mourvedre, Syrah, Grenache	Uco Valley	£66.00

714	2015	Corazon de Sol, Cabernet Sauvignon, Cabernet Franc	Uco Valley	£105.00

## Lebanon

*When you think about Lebanese wine, the first that comes to mind is Château Musar. The founder Gaston Hochar after returning from France, created the Château putting into practice what he had learnt whilst there. That all being said Château Musar is not the only winery that produces good wine. Château Ksara being one of them, which can be traced back to 1857, making it Lebanon's oldest winery.*

647	2016	Château Ksara, Reserve du Couvent	Bekaa Valley	£33.00
-----	------	-----------------------------------	--------------	--------

## Thailand

*Vines have been grown in Thailand since 1685 when they were given as a gift from Louis XIV of France to King Narai of Siam. There are cool temperatures during the growing season and this permits the production of balanced fruity wines. The climate enables both summer and winter harvest of grapes.*

## // PORTS //

*What ends that perfect meal more than a glass of port to go with cheese.*

### Port

953	N.V. Quinta do crasto, Finest Reserve Port, Douro, Portugal			£37.00
	<i>Aromas of red berry with balsamic hints. Complex and balanced showing fine round tannins. Very elegant lingering finish.</i>			
950	2013 Quinta do Crasto, Late Bottle Vintage, Portugal	100ml	£7.00	£47.00
	<i>This late bottled Vintage shows brooding black cherry fruit with a huge cedary core. A simple wine with a fine dark colour, ripe and mouth filling and rounded off by sweet finish.</i>			
951	10yrs Taylors, Tawny, Portugal	100ml	£10.50	£75.00
	<i>Mellow and elegant, combining delicate wood notes with rich aromas of mature fruit. If you you looking for a lighter style port to go with your cheese, this is the one for you.</i>			
952	2015 Quinta do Crasto, Vintage, Portugal			£94.00
	<i>Aromas of very ripe and fresh red forest fruits, wild berries, figs and blueberry. A very elegant palate with very round and intense tannins that lead to a firm structure. Finishes very elegant with a aromatic explosion of wild berries fruit. The result is a complex, persistent and fresh wine.</i>			

## // SHERRY //

*Sherry used to be a really popular as an aperitif but over the years it's consumption has declined. Personally I believe this is because a whole generation where subjected to be served old stale warm sherry when they used to go to relatives for family events. Sherry should be served within 3 weeks of being opened and always served chilled. Also Sherry can be drunk during the meal as well not just as an aperitif. Here are some which I feel are good examples to try.*

758	Sanchez Romate, Pedro Ximénez, Jerez, Spain	100ml £7.00	Bottle Half	£26.00
	<i>Deep ebony with dense aromas of raisins, dates and honey. Complex delicate flavours of prunes, figs and candied fruit finish, giving a full mouth feel with a long finish.</i>			

## // DESSERT WINE //

*At the end of a meal there is no better way to end it with a glass of dessert wine. A lot of you may have tried one before and not liked it and now don't drink any, thinking that all dessert wines taste the same, which is not the case at all. To help you choose the right one for you I have written a brief description about the wine.*

### France

			Glass		Bottle
959	2009	Domaine de Coyeux, Muscat de Beaumes de Venise, Rhone	£8.00	Half	£29.00
		<i>Produced from low yielding hillside vineyards, has concentration of flavour, elegance and finesse, developing subtle complex aromas reminiscent of apricot, acacia, citrus fruits and honey. A classic wine.</i>			
960	1997	Château Filhot, 2ème Cru Classé, Sauternes	100ml £10.50		£75.00
		<i>Made from a blend of three grape varieties, Muscadelle, Sauvignon Blanc &amp; Semillion makes a refreshing wine. Honeyed fruit and almonds on the nose, well balanced with lovely finish.</i>			

### Italy

					Bottle
972	N.V.	Brachetto D'Acqui, Molina, DOCG, Brachetto, Malgra, Piedmont			£30.00
		<i>A beautiful sweet aromatic and slightly sparkling red wine that is low in alcohol. A unique wine that is elegant and very well balanced. Peaches and strawberries. Perfect to drink at any time on its own or with food. Ladies love it!</i>			

### California

			Glass		Bottle
992	2015	Andrew Quady, Essensia Orange Muscat, Madera	£8.00	Half	£29.00
		<i>Quady's Essensia is lightly fortified to 15% alcohol and aged in barrel for about 3 months. This wine's balanced acidity and orange aroma provides more of a fresh fruit feel rather than the traditional sticky dessert wine many are accustomed to. This wine goes particularly well with desserts containing almonds, peaches, apples or apricots.</i>			
993	2016	Andrew Quady, Elysium Black Muscat, Madera	Glass £8.00	Half	£29.00
		<i>This dessert wine's fermentation was arrested with neutral grape brandy. This arrested fermentation preserves the delicate aroma of fresh, ripe grapes. Also giving a rich berry flavour and a crystalline aroma of rose petals and lychees. This goes really well with desserts made from red fruits and made from dark chocolate. Again this dessert wine is clean and fresh, so if you don't usually have dessert wine, please give this one a try. I call it 'Grown Up's Riberina'</i>

## Bin Ends

A wine list is always changing with new vintages and new wines. So we are often left with just one or two bottles of a particular wine.

That being the case I have created a part of the list with those wines, which have been reduced in price. Giving you an opportunity to maybe have a wine you would not normally have.

Please be aware that there will not be large quantities of these wines, so the wine could possibly be out of stock at short notice.

If you acquire larger amounts, please see the full list. Also you can ask a member of staff, who will be more than happy to help.
